Supporting Charlestown Families

Charlestown Family Support Circle

What we do?

CFSC assists Charlestown youths and families by connecting them to resources and supports in their community. We provide short term counseling, case management and care coordination services to residents in an effort to support families and increase access to services.

The FSC Clinician will work closely with families to help them identify their strengths, needs, and goals to make changes within their lives. Families are linked to appropriate referrals, community services, and natural supports.

Additionally, the program works with Charlestown providers to improve care coordination and take a holistic approach to providing families support and care.

Who we serve?

We serve children and adolescent between the ages of 7-18 years old.

We work closely with a youth's parent(s), and caregiver(s), as well as, the youth's entire family.

Who is eligible for the FSC program?

- Charlestown residents
- Children and youths between the ages of 7-18 years old.
- A parent in need of supportive services and as a result this would benefit the child(ren) or youth(s) living in the home.
- Youths struggling at school, home, or in the community.

How do I make a referral?

If you would like more information on the program, or would like to make a referral please contact:

Phenice Zawatsky, LICSW
Family Support Circle Clinician
