WHO WE SERVE:

We work closely with youth, their parent(s) or caregiver(s), and the entire family.

WHO IS ELIGIBLE:

- Charlestown residents
- Children and youth between the ages of 7-18 years old
- A caregiver in need of supportive services and as a result this would benefit the youth living in the home.
- Youth struggling at school, home, or in the community.

WHAT WE DO:

■ FAMILY SERVICES:

CFSC assists Charlestown youth and families by connecting them to resources and supports in their community. We provide short term counseling, case management and care coordination services to residents in an effort to support families and increase access to services.

The Family Support Clinician will work closely with families to help them identify their strengths, needs, and goals to make changes within their lives.

Families are linked to appropriate referrals, community services, and natural supports

■ COMMUNITY SERVICES:

We participate in local community events by providing resources and conducting mindfulness activities to help children manage frustration. We regularly attend the Harvard Kent Wellness Fair, Family fun Day and the Charlestown YMCA Healthy Kids Day.

We also support students who attend the Charlestown Adult Learning Center throughout the academic year. Students have the option to meet with a clinician to address stressors or barriers to their education.

Services provided to students may include short term counseling, access to resources, referrals, mindfulness groups, and case management services.

Students are able to meet with a student support clinician during drop-in hours on Tuesday from 10:30 A.M to 12:30 P.M. or by appointment.

■ TASK FORCE:

The Charlestown Family Support Circle works with local Charlestown providers to address community trends affecting families and to increase care coordination among Charlestown providers.

Task force meetings take place on the 1st Tuesday of the month at noon. Parents and caregivers are welcome to attend and participate in meetings. Contact Phenice for more information and to be added to our mailing list.
